SPECTRUM

JUNE 2020 TO OCTOBER 2020

FOUNDER'S MESSAGE

The word '**Sana**' in Arabic means to Praise Allah. The very first verse of the Holy Qur'aan reads: "**Praise be to Allah, the Lord of the Worlds.**" So we praise and thank Allah for all His blessings on us. For our children to grow and blossom as future leaders, as desperately needed, we must open their minds and hearts to the love of Allah and His wonders. Allah says in the Qur'aan: "**I have not created jinn and mankind (for any other purpose) except to worship Me.**" At Sana, we are committed to helping our students understand this purpose of life on this earth.

"The most important motive for work in school and in life is pleasure in work, pleasure in its result, and the knowledge of the value of the result to the community."

Our objective is to help our students acquire the skills and behavioral characteristics that would enable them to actively work to become contributors to the society and an asset to the nation.

-NOORUL AMEEN

QURANIC VERSE

Allah will elevate those of you who are faithful, and raise those gifted with knowledge in rank. And Allah is All-Aware of what you do.

Al – Mujadila | Verse 11

HADITH

1. من سلك طريقا يلتمس فيه علما سهل الله له طريقا الى الجن.

Who so ever goes out seeking knowledge, God facilitates his/her way to paradise,

وان الملائكة لتضع اجنحتها لطالب العلم رضا بما صنع

And angels put down their wings in appreciation for the one who is learning.

Hadith Books – Muslim, Tirmidhi

2. Jabir reported: The Messenger of Allah, peace and blessings be upon him, said:

سَلُوا اللَّهَ عِلْمًا نَافِعًا وَتَعَوَّذُوا بِاللَّهِ مِنْ عِلْمٍ لَا يَنْفَعُ

Ask Allah for beneficial knowledge and seek refuge in Allah from knowledge without benefit.

Sunan ibn Majah 3843

ARTICLE ON GOOD CHARACTER

قَالَ رَسُولُ اللَّهِ صَلَّى اللَّهُ عَلَيْهِ وَسَلَّمَ

Our Beloved Messenger Muhammad (S.A.W) Said:

خَالِقِ النَّاسَ بِخُلُقٍ حَسَنٍ

“Deal with people with good manners.”

Our beloved Messenger (S.A.W) had the best manners and he encouraged us, his followers, to observe good manners. Muslim manners are different in two ways, as they are not just for the elite or upper class. All Muslims, whether they are rich or poor, black or white, will show good manners. Secondly these manners do not change with time.

Manners are learnt through observing other people.

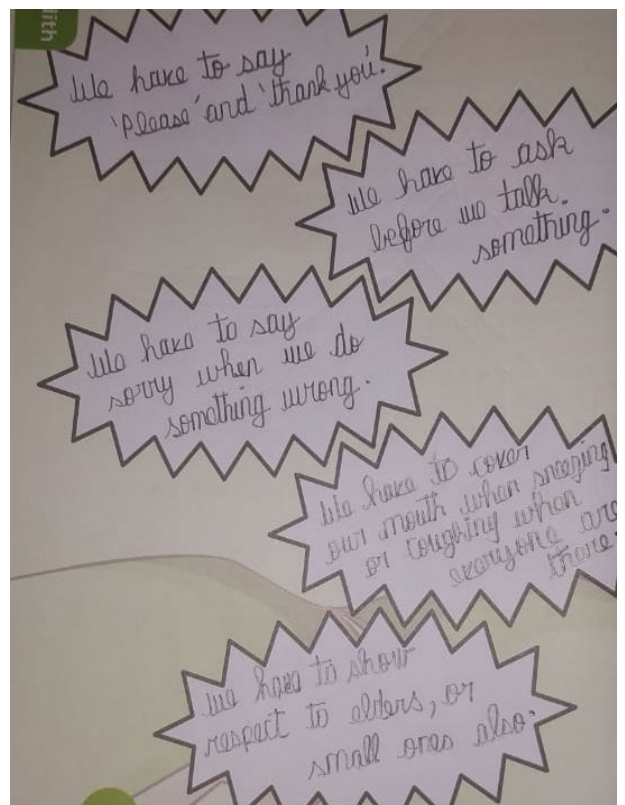

Few examples of good Manners are: Knocking before entering a place; not looking into someone's house without permission; eating what is front of us; moving something harmful away from the road; helping someone in need.

REMOVING HARAM FROM THE ROAD

GOOD MANNERS TO BE USED IN DAILY LIFE

A small deed it may seem, but the results of carrying it out or ignoring it can be very different.

Abū Barzah al-Aslamī رضي الله عنه said, 'I said, "O Messenger of Allāh صلى الله عليه وسلم, show me an action by which I will enter Jannah!" He said, 'Remove harmful things from people's path.'"
(Ṣaḥīḥ Muslim)

The Prophet said ...

iqraSense.com

"Whomsoever treads a path seeking knowledge, Allah will make easy for him a path to Paradise. The Angels will lower their wings with pleasure for the seeker of knowledge. And whatever is in the Heavens and the earth seeks forgiveness for the seeker of knowledge, even the fish in the sea. The excellence of the Scholar over the worshippers is like the excellence of the moon over the stars. Verily the Scholars are the inheritors of the Prophets. They do not leave behind a deenaar, nor a dirham. They only leave behind knowledge. So whoever takes it has taken an abundant share.

ARTICLE ON FEEDING OTHERS

قَالَ رَسُولُ اللَّهِ صَلَّى اللَّهُ عَلَيْهِ وَسَلَّمَ

Our Beloved Messenger Muhammad (S.A.W) Said:

أَفْضَلُ الصَّدَقَةِ أَنْ تُشْبِعَ كَبِدًا جَائِعًا

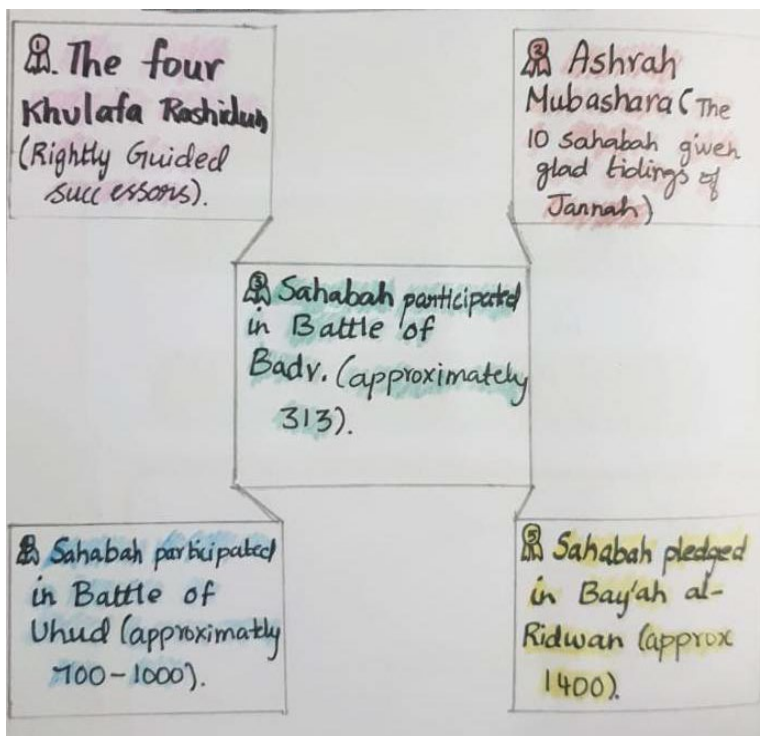

"The most virtuous charity is feeding a hungry creature."

Charity in Arabic is known as sadaqah. In another Hadith Muhammad (S.A.W) said, "Hasten towards giving sadaqah for calamities cannot come to a person who gives sadaqah." Here our beloved Messenger Mohammad (S.A.W) is telling us that to feed the hungry is the best type of sadaqah a person can do.

The word 'creature' includes all those that are alive, which means that even if you feed a hungry animal you will get this reward. Feeding anyone is a great deed in itself, but when someone is in need of food, at such a time it will be more rewarding.

We should always try our best to help those who are in need, even if it may be little. We don't know which of our actions is liked by Allah (S.W.T) the most.

ARTICLE ON THANKING OTHERS

قَالَ رَسُولُ اللَّهِ صَلَّى اللَّهُ عَلَيْهِ وَسَلَّمَ

Our Beloved Messenger Muhammad (S.A.W) Said:

مَنْ لَمْ يَشْكُرِ النَّاسَ لَمْ يَشْكُرِ اللَّهَ

"One who is not grateful to people is not grateful to Allah."

In this hadith, our Beloved Messenger Mouhammad (S.A.W) is telling us the importance of being thankful. Always thank someone who shows good to you even if it may be something small. Thanking people is also a way of thanking Allah (S.W.T). Some people take things but never show gratitude or thank person who gave something to them, whilst others take a little and thank in abundance.

When we thank someone we should say "Jazakhallahu Khayra" which means "May Allah (S.W.T) reward you with goodness." It does not cost anything to say Jazakhallahu Khayra or thank someone, but the person whom it is said to feels happy and Allah (S.W.T) loves it when we make another person happy. Subhanallah, what a beautiful way of life Islam is.

CORONA CORONA
My life seems to be paused!
See! What Corona has caused.
I Miss My school, My friend and all the fun.
I Miss my freedom to be a child, to play and to
Just run.

We learn now at home, this is a new feature.
But, we can't wait to get back to our Teacher.
I don't go out to meet my cousins and relatives,
Which makes me sad.
But the Good thing is, now my Best Friends,
Indeed are my Mom and Dad.
No Eid, No Wedding, No Outings and Holiday.
praying to Allah to Make it over all oneday.

I want to open my arms wide,
And shout to the world, when can we go Outside?
I Will not give up hope, Surely the end is in,
If we follow hygiene, we all will win.
Insha Allah, Aameen.

MIND THE MIND
Mind is a Riddle
For emotion, it is cradel.
Each mind behaves differently,
Each mind acts independently,
It is generally agreed,
Human mind is different to read.
Admit you are not perfect,
This will have good effect.
Keep your mind in fine tune.
Lay ahead is your fortune.

Cuckoo's Song
- NASEERA
Behold! her singing in the tree,
which diverts me completely.
and makes me feel free,
her song will be known forever surely.
She sang days and nights, ✓✓
which melody stopped brawls and fights.
She is the 'lady of the age.' 🍎
She shattered my book's page.
She sang on summer and winter, 🎵
which makes us feel tender.
Her voice is so mesmerizing, 🎵
and she is really born to sing. 🎵
I was completely preplexed out of mind,
and I was captivated of her glory shined.
I was confused whether to read or hear,
which made my eye to shed tear.
Her visage was colourless,
and she is fairless.
She is not greedy
to sing for days and nights.
Be a cuckoo who sang forever,

KIDS ARTICLE BOX

1. HEALTHY FOOD VS JUNK FOOD

Food is the most important thing for a human being to survive and to live a healthy life. We gain all our essential nutrients and energy through food.

Healthy food provides us proper nutrition and makes us healthy and fit. Healthy foods like eggs, milk, meat etc provide nutrients like protein, carbohydrate, fat and energy that help in our body building and growth while foods like vegetables, fruits and nuts help us to strengthen our immune system and fight against various antibodies. Eating healthy foods not only makes us healthy but also provides us balance nutrients and prevent from being malnourished or obese.

Junk foods are the foods that do not have essential nutrients and energy that can provide us with healthy life. In fact, it does the opposite. Eating junk foods regularly and skipping good food make us obese and it does not provide us all the nutrients we need for our body. Fast foods like bread, pasta, cheese, pizza, French fries etc are all junk foods and it is all loaded with fats and energy. It prevents from providing the nutrients and does not do keep our body healthy. Therefore to live a balance and healthy life one must eat healthy foods and avoid eating junk foods.

- Aslapai Nasuha Mariyam – IV A

SAY YES TO HEALTHY FOOD AND NO TO JUNK FOOD TO LIVE A HEALTHY LIFE.

2. MY BEST FRIEND

The one person in the world that will give you equal love and devotion like your parents and loved ones is your best friend. My best friend is Mark. We both study in the same school. Mark also helps me in my studies. We also live in the same locality. My best friend Mark and I spend most of the time together along the things we like to do. We enjoy our life according to our needs and wishes. My best friend is the person on whom I can truly count on all through my life. Whenever I need help or support, my best friend is always there for me. We have lived moments together and have created memories that will remain throughout my life. Having a best friend like Mark makes my life easier. In any crucial situation, the first person that comes to my mind is my best friend. Whenever I am in any problem, my best friend helps me to get out of the problem by providing the best solutions. My best friend gets angry when I do something wrong and appreciates me when I achieve something. My best friend helps me to become a better person. We plan our weekends and enjoy together. 3. TIME AND TIDE WAITS FOR NONE

The value of time and tide is revealed by the proverb, "Time and tide waits for none." Time is a precious commodity. We are aware of the fact that time is more valuable than money. If the financial condition goes down, it can be uplift. But if the time has lost, it cannot be regained. Time is a free gift given by "Allah" to all living thing on the earth. Don't say that you don't have time to prepare. Everyone has the same 24hours in a day. The victory depends on the perfect utilization of time. Use your time wisely and make the best use of it. "Wasting time is like wasting of life."It is better to work hard in present so that we don't need to cry tomorrow. Most of the people give more importance to money. They should be aware of the fact that," Time gives money but money cannot give time."

SAVE WATER

Water is the most important resources in our lives, as you may already know. There is water in the oceans, rivers, seas, ponds and lakes which are all over the earth because more than 70% of the earth's surface is just water. 2. An EDUCATED GIRL will CHANGE the WORLD

If we look at the demographics, India is one of the most populated countries. However, the state of girl education is quite low in the country. There are approximately 34 million girls out of school. Another shocking fact is that two-thirds of the 769 million illiterates are women. According to the 2011 census, the male literacy rate is 82.14% and the female literacy rate is only 65.46% in India.

Education is as important as air, food and housing for both men and women. Girls in India are considered a burden on parents by some people. People think that girls must be raised, married and sent to another house while boys are considered the legal heirs of the family.

Education has a global impact on girls. Education makes a person strong, mentally and socially by increasing our knowledge. Educated girls are confident. They can make decisions on their own and become self confident.

After marriage, they can also help their family and they will take care of their children and transmit good values. Someone rightly said, "If you educate a man, you educate a person but if you educate a woman, you educate the whole family".
