

# **SANA NURSERY AND PRIMARY SCHOOL**

## **CO-CURRICULAR ACTIVITIES REPORT**

**AUGUST ( 2025-2026 )**

**CLASS : GRADE 2**

**TEACHERS : FATHIMA JERIN , AZRA FATHIMA , FAZEELA AFROSE , KHADIJA KUBRA**

### **CO-CURRICULAR ACTIVITY**

Co-curricular activities are structured programs done in our school that complement the academic curriculum. They provide opportunities for students to learn and grow in areas beyond traditional classroom subjects, enhancing students overall educational experience. These activities are designed to support and enrich what students learn in their regular coursework, fostering skills and development in various domains.

**AUGUST THEME - PATRIOTISM ( INDEPENDENCE DAY ACTIVITY )**

**ACTIVITY : Making National Symbols of India (Using foam clay)**

**VALUE: Harmony - Respect for Diversity**

**OBJECTIVE : To help children know and understand India's national symbols and also to enhance students fine motor skills , hand-eye coordination , cognitive development , creativity, spatial awareness.**

**DESCRIPTION** : In this activity students were encouraged to bring materials like foam clay , glue , cardboard , India Map etc. Students enthusiastically made any five favorite symbols using foam clay ,molded , shaped it accordingly and glued it on the Indian map and named the symbols using color pens on their own.

**LEARNING OUTCOMES** : In this individual activity, students developed hand and eye coordination with an intense focus , finger dexterity by shaping and molding foam clay . It helped them in picking appropriate colors for national symbols , molded and shaped accordingly they used their creativity used many ways to shape and showed up their real vision bringing their unique thoughts. It helped them in cognitive development , spatial awareness fine motor skills and creativity in abundance. The major outcome was the smile on their faces when they achieved in molding clay into national symbols and named and glued on Indian Map.

- Learnt about National symbols (they made India flag , lotus ,tiger, peacock etc)
- Importance of Independence day
- Color identification
- Recognizing India's shape through Indian Map

## **CONCLUSION**

Co- Curricular activities developed students in better way which includes;

- Harmony / patriotism
- Fine-motor skill
- color identification
- Self-Esteem & self expression
- Encourages focus and Patience
- Discipline
- Left and Right brain co-ordination
- Awareness

All the Students actively participated and enjoyed the co-curricular activities , gaining valuable skills while having fun and learning beyond the classroom. They were filled with lots of energy, enthusiasm while doing activities with happy & smiling faces and always looking forward to do more.
