

Sana Nursery and Primary school

CCA Activity No.4

Date: 25/8/25

Class: Senior Kindergarten

Activity: Role play Activity

Objective:

Our kindergarten class participated in a fun and interactive role-play activity on community helpers. The objective was to introduce children to various community roles and promote social skills, teamwork, and creativity.

Activity Highlights:

- Students dressed up as their favorite community helpers, such as doctors, teachers, firefighters, and chefs.

- They worked together to create a miniature community, showcasing different roles and responsibilities.
- The children actively engaged in role-playing, taking turns and using their imagination to act on their favourite community Helper.

Learning Outcomes:

- Developed social skills through interaction and collaboration.
- Gained understanding of different community roles and their importance.
- Enhanced creativity and imagination.
- Built confidence through role-playing.
- The children had a blast participating in the role-play activity, and it was wonderful to see them learn and grow through this interactive experience.
- Will Continue to incorporate role-play activities in future lessons to reinforce exciting learning experience and development.
