School

ACTIVITY 3

THEME: Discipline & Safety

VALUE: Responsibility

Activity Title: Safety at Home, School, & While Travelling

Date: 25th July 2024

Teachers In Charge: Class Teachers

Description of the Activity:

To create awareness about safety measures at school and at home

Importance of Health and Safety:

Health and safety in schools is a crucial aspect of providing a safe and supportive learning environment to protect the well-being of students, staff, and visitors.

Learning outcome:

1. Understand the importance of personal safety in school settings.
2. Learn how to respond to emergencies like fire drills.
3. Recognise the role of trusted adults for help.
4. Develop habits of reporting hazards.

Learning safety measures at school helps develop several essential skills:

1. **Awareness:** Understanding the environment and recognizing potential hazards.
2. **Critical Thinking:** Making decisions to avoid unsafe situations.
3. **Responsibility:** Taking care of one's safety and the safety of others.
4. **Communication:** Reporting concerns and seeking help from adults.
5. **Self-discipline:** Following rules and procedures consistently.

Subjects Integrated:

The safety presentation incorporated aspects from various subjects, including general safety principles, practical applications in daily life, and relevant examples from subjects like Tamil, English, Math, and Islamic studies.

Fire Drill Safety Rules

- ★ Listen carefully to directions.
- ★ Quietly line up.
- ★ Walk carefully out of the building to your assigned place.
- ★ Stay with your class at all times.
- ★ Wait with your teacher until it is safe to return to your classroom.
